- The letter at the beginning of the MLS listing tells you which of the above Associations the listing is under.
- If it is under an association on this list, a cooperating agreement will need to be sent to the association before you can show the listing.
- Osceola and Orlando are automatically cooperating with EPCAR (at this time, this could change) so no agreement is needed to show a listing beginning with O or S
- GTAR cooperates with the following Associations, meaning if you have access to one you have access to the others: Pinellas, Sarasota & Manatee, Port Charlotte, Venice, Englewood, Central/West/East Pasco.
- Cooperating agreements can take 24-48 hours to process. So please make sure you plan ahead! If you need to show on the weekend, please let us know by Thursday so the other Associations will have time to process the request.
- To send a cooperating agreement we will need your Supra key (either active or Ekey) serial number and your pin number.
- If the association is not on this list, we are unable to cooperate with them at this time. You will need to contact the REALTOR® who has listed the property and have them let you into the property.
- Associations that we cooperate with that are not on this list are: Daytona, Hernando, New Smyrna Beach, and Ocala/Marion.
